RICHARD NÉMETH

richard3.nemeth@gmail.com

+421907733989

Bratislava IV, Slovak Republic

Date of birth: 17. 10. 2001

Full-stack software developer with hands-on experience in building and maintaining web applications using Java, Kotlin, React, and Python. Worked on internal enterprise systems in a banking environment and Slovanet, contributing to backend development, REST API integration, and system modernization. Comfortable working across the full application stack and eager to further grow in a professional development team.
